

TRANSPARENT DREAMS

D urchsichtiges Gummi ist für viele Fetischisten das ultimative Material ihrer Träume. Weil es alles bedeckt und doch vieles enthüllt. Weil der nackte Körper der Trägerin unter der glänzenden, prallen Gummihaut noch attraktiver wirkt; sozusagen nackter als nackt.

Als ich Anfang der Neunziger Jahre in den "White Room"-Filmen verstärkt transparentes Gummi zeigte, war das in der Szene eher noch exotisch. Schwarz dominierte und tut es noch heute, wenngleich der Anteil "transparent" sich beträchtlich erhöht hat. Das oft gelblich oder bräunlich verfärbte Gummi weckt Assoziationen zu perversen Klinikspielen, feuchten Spielen, aber ebenso zuHonig und Karamelbonbons. Wenn es sich glatt und faltenlos an den Körper schmiegt, wirkt es wie eine frische Schicht Klarlack.

Manchen Frauen, die Fetischismus eher aus einem modischem Blickwinkel betrachten, kommt das transparente Gummi anfangs merkwürdig und eher abstoßend vor. Oft jedoch leuchtet ihnen die Wirkung schon bald ein, wenn sie sich im Spiegel betrachten, und ihre verblüffende Verwandlung erkennen, ganz zu schweigen von der Wirkung auf entsprechend veranlagte Fetischfans.

Wegen der steigenden Nachfrage und begeisterten Rückmeldungen haben wir in der letzten Zeit besonders viele schöne Fotos in transparentem Gummi produziert. Die Serie in transparent gehört mittlerweile zum Pflichtprogramm bei jedem Marquis-Shooting; daran kommt kein Model vorbei.

Fortsetzung folgt ...

ransparent rubber is the ultimate dream material for a growing number of fetishists. Because it covers everything completely, but still bares a lot. Because the naked body gets even more attractive under it's shiny, tight enclosure; more naked than just naked, so to speak.

When I started showing transparent latex more excessively in the "White Room" videos, early in the 1990'ies, it was still a more suspicious colour in the fetish scene. The colour black dominated the fetish world and still does so today, but transparent latex has caught up remarkably. The often brownish or yellowish rubber evokes associations with wet games, clinical fantasies, but equally with honey and sweet caramel. When it tightly smoothes itself to the skin, it looks like a fresh coat of clear varnish.

Some women are quite apprehensive when it comes to wear transparent latex for the first time, and some even find it disgusting and perverted. However, some of them soon get the idea when they find themselves in front of the mirror, looking as if they had been dipped in honey. In any case, the enthusiastic reaction of us properly inclined fetish fans can be guaranteed.

Because of growing demand and a lot of positive feedback, we have prouced many beautiful photo series in transparent rubber lately, so that we decided to produce this PhotoSpecial in full size and glorious colour. By now, a series in transparent latex is mandatory part of the routine for any fetish model when shooting for Marquis.

To be continued, if you like it ...
